Title Page and Author Declaration

Completed by the corresponding author on behalf of all authors · Uploaded as a file separate from the main manuscript

Instructions

• The THESARA main manuscript is reviewed double-anonymously and must not contain author identities. All author details are given in this file only.

• Upload this file (PDF) at the "Upload Files" step of the OJS system with the component type **"Title Page"** or "Other", and enter the same author data in the system's metadata fields.

• Section C is signed by **all** authors (scanned handwritten or digital signatures). Incomplete forms may be returned by the editorial office.

C. Author Declaration

By signing this form, each author declares that:

1. **Originality.** The manuscript is the authors' own original work, has not been published in any form (except as stated in Section A), and is not under consideration by another journal or publisher; it will not be submitted elsewhere while under consideration by THESARA.
2. **Research integrity.** The manuscript is free of plagiarism, fabrication, falsification, citation manipulation, and duplicate publication; all quotations and sources are properly attributed; data and findings are reported accurately. The authors will provide raw data on request of the editorial office.
3. **Authorship.** Everyone who meets the authorship criteria is listed as an author; there are no fictitious, gift, or guest authors; all authors have read and approved the final manuscript and the order of names; any change to the author list after submission requires the written consent of all authors.
4. **Research ethics.** Where the research involves humans, animals, personal data, or vulnerable groups, the required ethical approval and informed consent were obtained: Approving body: … · Number/date: … ☐ Not applicable.
5. **Conflicts of interest.** ☐ The authors have no financial or non-financial conflict of interest. ☐ The authors disclose the following conflicts of interest: …
6. **Artificial intelligence.** ☐ No generative AI tool was used to generate or develop the scholarly content of the manuscript. ☐ Generative AI tools were used as follows (name, version, purpose): …. The authors have verified all AI output and remain fully responsible for the content; AI is not listed as an author.
7. **Third-party material.** All figures, tables, instruments, and third-party materials used carry the required permissions and are properly attributed.
8. **Copyright and journal policies.** The authors have read THESARA's Author Guidelines, publication-ethics policy, copyright and licensing policy, and publication-fee policy as published on the journal website, and agree to sign the Publication Agreement if the manuscript is accepted.
9. **Accuracy.** All information in this form is true; the corresponding author is authorised to represent all authors in communication with the editorial office.
